An attractive hedge of Berberis

## "Good Judgment"

THOSE enterprising and experienced nurserymen, Jno. Watson, Pres. of the American Assn. of Nurserymen, and Wm. Flemmer, Pres. of The Ornamental Growers' Association, naturally included West Grove in their early Autumn (1916) inspection tour of nurseries.

Their comments at that time would lead one to infer that if we had in America an organization offering a prize for the cleanest kept nursery (such as was offered by the Horticultural Society of France), The Conard & Jones Nursery would be most certainly eligible for such an award.

But quite as pertinent to you Mr. Nurserymen, was their comment upon *Berberis* grown from cuttings. After carefully comparing the few rows we have grown from seedlings with the many rows and blocks grown from cuttings, these gentlemen appeared notably impressed with the greater uniformity and comeliness of the stock grown from cuttings, which displayed so obviously its superiority over seedling stock.

ROSES

A black and white photograph of a two-story house almost completely covered in climbing roses. The roses are in full bloom, creating a dense, light-colored covering over the dark siding of the house. A brick chimney is visible on the roofline. The house has several multi-paned windows with dark shutters. The foreground shows a grassy area and a path.

# Headquarters for Hardy Climbing Roses

More indispensable than ever are These Hardy Field-Grown Roses

HERE in Chester County we are blessed with luxuriantly good soil. The roots Roses make here insure a strong top growth. Please note the sizes named. If you wish the tops left on, please so state when ordering. We have between one and two hundred varieties of Climbing Roses alone, on trial here. Those we list here are among the best of the bunch.

*Samples cheerfully forwarded on request.*

ROSES. On their own roots.			
<i>Moss.</i>			
Wichmoss, Climbing. The New Climbing Moss Rose. Buds pink, changing to white flowers, thickly mossed. 2 yr.....	Field Grown 18"-24"	Per 10	Per 100 \$2.00 \$15.
<i>Rugosa.</i>			
Alice Aldrich. Bears long buds of rich pink. An unusual variety even among the Rugosas. 2 yr.....	18"-24"	1.50	12.
2nd size.....		1.25	10.
New Century. Double white and pink, (Clotilde Soupert x Rugosa alba). Sweet briar fragrance and quite a continuous bloomer. 2 yr.....	18"-24"	1.50	12.
1 yr.....		1.25	10.
Sir Thomas Lipton. Like New Century except flowers are entirely white. Ours often continue blooming till November. 2 yr.....	18"-24"	1.50	12.
1 yr.....		1.25	10.
<i>Species.</i>			
Microphylla, Red. Semi-climber; nearly evergreen; double red flowers followed by spine covered fruits. 1 yr.....	12"-15"	1.25	10.
<i>Polyantha.</i>			
Cecile Brunner, Climbing. Flowers precisely like those of "Sweet Heart," and blooms steadily all Summer, which is more than we can say for most of the so-called "Everbloomingers." 1 yr., strong...		1.25	10.
<i>Multiflora.</i>			
American Pillar. Our introduction, and generally recognized as the best, brightest and largest flowered single, hardy Climbing Rose in existence. It will often grow 30 ft. in a season. 4 yr.....	4'-6'	1.75	15.
3 yr.....	3'-5'	1.50	12.
1 yr.....	2'-3'	1.10	9.
Countess Marie H. Chotek. New, large-flowered red. 1 yr.....	2'-3'	1.00	9.
Count Zeppelin. Similar to, but more brilliant than Tausendschön. 3 yr.....	3'-4'	1.75	15.
2 yr.....	2'-3'	1.40	12.
Flower of Fairfield. So-called Everblooming Crimson Rambler. Subject to mildew. 2 yr.....	18"-24"	1.00	9.
Miss Messman, E. B. Another and better Everblooming Crimson Rambler, actually in bloom most of the Summer, and an excellent grower. 3 yr.....	3'-4'	1.75	15.
2 yr.....	3'-4'	1.40	12.
1 yr.....	2'-3'	1.10	10.
Philadelphia. Masses of double garnet flowers. 2 yr.....	2'-3'	1.40	12.
2 yr.....	12"-18"	1.10	10.
Yellow Rambler (Aglaiia). Only 250 of these. 2 yr.....	2'-3'	1.40	12.
2 yr.....	2'	1.00	9.
Schiller. Improvement over Trier. 2 yr. Tausendschön. (We need these, please quote).	18"-24"	1.40	12.
Veilchenblau. Violet blue. Harmonizes with white Roses, but not with the reds. 2 yr.....	3'-4'	1.10	10.
1 yr.....	2'-3'	.90	8.
Wartburg. Carmine rose seedling of Tausendschön; nearly thornless. 3 yr.....	3'-4'xx	1.60	15.
<i>Wichuraiana and Hybrids.</i>			
American Beauty, Climbing. Extra strong, 2 yr. old.....	4'-6'	1.75	15.
Extra strong, 1 yr. old.....	2'-3'	1.10	10.
Cassimer Moule, New. Close cupped cluster, Roses of white and pink. 2 yr.....	2'-3'	1.40	12.
1 yr.....	18"-24"	1.10	10.

Christine Wright. A remarkably fine Rose, flowers large, exquisite pink. 2 yr.....	Field Grown 3'-5'	Per 10 \$2.00	Per 100 \$15.
2 yr.....	2'-3'	1.40	12.
1 yr.....	18"-24"	1.10	10.
Daybreak. Single flowers in loose pyramidal clusters; deep yellowish pink. 2 yr.....	3'-4'	1.10	10.
1 yr.....	2'-3'	1.00	8.

# Choicest Varieties 卐 Lily Cannas

## As Big As a Man's Hat

That fits "Wintzer's Colossal." It is not only the "largest Canna in commerce," but is without even a near rival. The famous P. T. Barnum used to tell his sign painter to use any color he chose to, so long as it was red.

Wintzer's Colossal is the reddest of reds that Nature's paints have mixed.

It grows to "beat the band," and clumps up in a fashion to please the heart of the man who buys Cannas to make money on them.

But its crowning virtue is in its abundance of bloom. PROLIFIC? Yes, doubly that. Powerful masses of intense color.

Wintzer's Colossal graced the most conspicuous beds in front of the National Capitol at Washington this year. Mr. Henlock reports:

"They certainly did attract attention; but is it any wonder? Tourists from Denver, Galveston, Chicago, New York, etc., would ask us: 'What is it?' 'Where can we get it?' They were told to 'apply to Headquarters for Cannas. Write to The Conard & Jones Co., West Grove, Pa.'"

Wintzer's Colossal Canna, \$2.00 per doz.

### Recent Novelties

NAME.	Ht.-ft.	Description.	100	1000
卐 City of Portland	3½	The color is a beautiful, glowing pink, deeper in color than its parent, Mrs. Alfred F. Conard, and the flowers are produced in greatest profusion on strong, erect, branching stalks. It is an early and continuous bloomer, blooming freely in hot or cool weather. Canna experts last season pronounced it the "finest all-round pink Canna to date."	\$15.	\$125.
卐 Dragon	3-4	An incessant bloomer which keeps sending up new bloom-stalks, until cut down by frost. Dark ox-blood red.	20.	
Firebird	4	Clear, glistening scarlet flowers borne in immense trusses. Very fine. Foliage faulty.	15.	
卐 Flag of Truce	4	Large-flowered, cream-white Canna, with faint pink dots on each petal and a sulphur-colored tongue. When a short distance from the flowers they appear pure white.	40.	
卐 Gaiety	5	Reddish orange, mottled with carmine and edged with yellow. The tongue is yellow and densely spotted with carmine.	20.	
卐 Golden Gate	4	The flowers open almost pure gold, but soon become richly rayed with orange crimson and apricot; throat deep carmine red. Foliage green.	15.	100.
卐 Jane Addams	4½	True, bright Buttercup yellow.	15.	125.
卐 Lafayette	4	This Canna was selected to plant in Lafayette Square, directly in front of the White House, for 1916. In some respects it resembles the famous "Meteor," but the flowers are more intense scarlet. The heads of bloom are carried erect above the healthy green foliage, producing a brilliant effect in mass planting. The grandest red Canna we know.	25.	120.
卐 Meteor (Wintzer's)	5		15.	
卐 Mrs. Woodrow Wilson	4	A charming shade of rich, soft crimson pink, particularly clear and pleasing to the eye. Flowers are large, with broad, overlapping, rounded petals of great substance and durability. Foliage is light green, prettily veined; the habit is robust, but the leaves do not hide the flowers.	30.	
卐 Olympic	5	Rich oriental red, with center shaded lighter red, and dappled carmine. Large, individual blossoms that make heads which are simply immense.	15.	120.

### RECENT NOVELTIES—Continued

NAME	Ht.-ft.	Description	100	1000
卐 Pocahontas (Bronze Olympic)	4½	Large, orient-red flowers, borne on firm, upright stems, just enough above the foliage to show the entire head. The foliage is a dark bronze green with emerald shadings, the ribs a darker bronze.	\$30.	
卐 Princeton	3-4	An intense, bright yellow flower, with a decided dash of red in the throat. Its principal value lies in its ability to resist bleaching better than any other yellow Canna.	30.	
卐 Sam Trelease (Imp.)	3½	An intense, bright Poppy red, with a thread of Buttercup yellow around each petal.	15.	
卐 San Diego	4	Described as Chinese orange or Persian yellow in color. The crimped petals are remarkable for substance, which enables them to withstand the hot Summer sun without wilting, and another charm is in the buds which are dark bronze, harmonizing with the golden bronze foliage. Grand in every way.	30.	
卐 Wintzer's Colossal (Flowered) See cut	5	Without doubt the largest-flowered Canna to date, as the average flowers more than cover a man's hat. The color is a strikingly vivid scarlet that retains its brilliancy.	18.	150.

### Giant Orchid-Flowering Cannas

NAME.	Ht.-ft.	Description.	100	1000
Burbank	4½	A giant in size. Canary yellow, with throat spotted crimson.	\$2.50	\$20.
Indiana	6	Glistening golden orange.	4.	30.
Italia	4	Brilliant red, bordered yellow.	2.50	20.
King Humbert	4	Bright orange scarlet, streaked with crimson. Magnificent bronze foliage. Used in great quantities for bedding, and most satisfactory.	3.	25.
卐 Mrs. Carl Kelsey	6	Orange scarlet, striped yellow.	3.	20.
卐 New York	5	Scarlet; foliage rich plum color. One of the finest in this giant-flowered class.	4.	30.
卐 Uncle Sam	7	Brilliant orange scarlet flowers.	2.50	20.
卐 Wintzer's Colossal Wyoming	5	Finest and undoubtedly the largest Orchid-flowering Canna in existence.	18.	150.
	7	Blossoms orange colored; of immense size; foliage is purple.	2.50	20.

## LARGEST AND BEST!

Our Government will have nothing but "the largest and best obtainable." Mr. Byrnes, who has charge of selecting and purchasing the plants for beautifying the grounds around the Department of Agriculture, said to Mr. Wintzer and Mr. Pyle on September 26, 1916: "I have always found your output to be as you represented it."
